

## Year 8 Performance Data 2017/18

Henlow Academy uses an external company for baseline and end of year testing for pupils. This enables us to provide robust testing compared to National performance to measure the attainment and progress of our pupils.

### End of Year 8 Maths Attainment Results

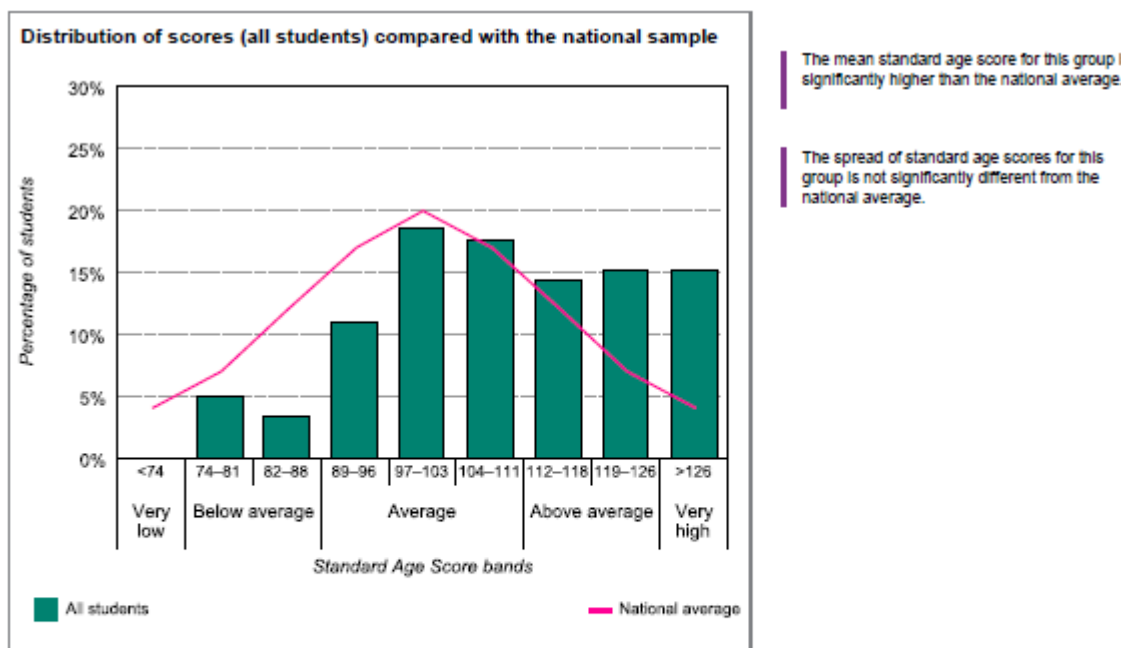

The table below shows the mean scores with confidence bands for the group against the national average.

	No. of students	Mean SAS	SAS (with 90% confidence bands)

## Year 7 and 8 Journey at Henlow Academy

The data below shows the data journey of the pupils who were at Henlow Academy for the whole of year 7 and year 8. Pupils were tested using nationally benchmarked tests by GL testing allowing progress to be tracked clearly. The results are standardised and a score of 100 is National Average.

### **Progress Explanation**

To make average progress pupils will score a similar Standardised Age Score each year. A score higher would indicate more than average progress. At Henlow Academy we are very proud that pupils across all groups made more than average progress resulting in positive progress scores. A score of 0 would be average progress. This can be seen in the table below.
