

1st December 2017

To whom it may concern,

In accordance with the statutory requirements set out in the School Admissions Code, the academy is required to undertake a six week consultation on any proposed changes to our admission policy that would take effect for admissions from September 2019.

In light of informal comments and questions from parents we recently commissioned a questionnaire. The responses to the questionnaire have led us to this formal consultation. The proposed changes to the policy include:

- Criteria – All siblings to become second on the criteria list rather than defining between siblings in catchment and siblings out of catchment.

The consultation will run until 12th January 2018. We would genuinely appreciate your thoughts. Should you wish to comment on the proposed policy please contact Mandy Salzen, Business Manager at msalzen@henlowacademy.org.uk or at the address above.

Yours faithfully

Mrs C Earp
Head Teacher
