

Read Write Inc. Spelling

Spelling success in the 2016 National Curriculum Tests

As part of Henlow's commitment to continually improving standards and attainment for all children we have implemented the Read Write Inc. Spelling programme to boost standards in writing, grammar and spelling.

Read Write Inc. Spelling is a robust, fast-paced, systematic spelling programme for children in years 5 and 6 that embeds the national curriculum spelling skills using direct teaching in short, daily spelling sessions. The programme has already proved effective in schools nationwide and we are excited to provide our children with a new and motivating approach to spelling.

The children take part in daily, bite-sized lessons that build knowledge cumulatively. Three friendly aliens introduce the spelling rules on an exciting online spelling planet.

There is a lot of emphasis placed on partner and oral work to ensure children fully grasp the spelling concepts. The children also have their own practice book that provides a range of activities to enhance understanding. Any errors or misconceptions are logged in the children's personal log books so that these can be practised at other times and also taken home for additional practice.

The programme also provides teachers with the opportunity to assess progress each half term and ensure children are understanding the spelling rules and filling the gaps in their knowledge. This programme was written by Ruth Miskin who is one of the UK's leading authorities on how to teach children to read.

In the video link below more is explained about the Read Write Inc. spelling programme.
