The 4 Year Journey at Henlow Academy

The data below shows the data journey of the pupils who were at Henlow Academy from Year 5 to Year 8. Pupils were tested using nationally benchmarked tests by GL testing allowing progress to be tracked clearly. The results are standardised and a score of 100 is National Average.

Progress Explanation

To make average progress pupils will score a similar Standardised Age Score each year. A score higher would indicate more than average progress. At Henlow Academy we are very proud that pupils across all groups made more than average progress resulting in positive progress scores. A score of 0 would be average progress. This can be seen in the table below.
